

I Like My Life

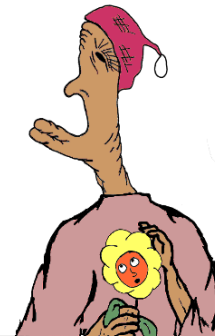

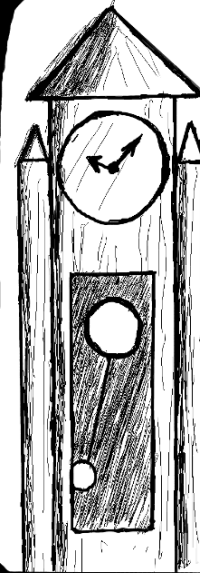

I like my life.

It's always the same.

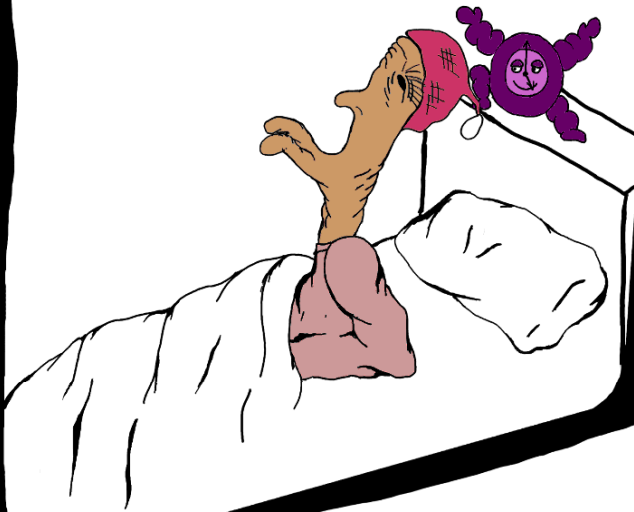

The clock went tick tick tock.

It goes tick tick tock every day.

I got up at five o'clock this morning.

I get up at five o'clock every morning.

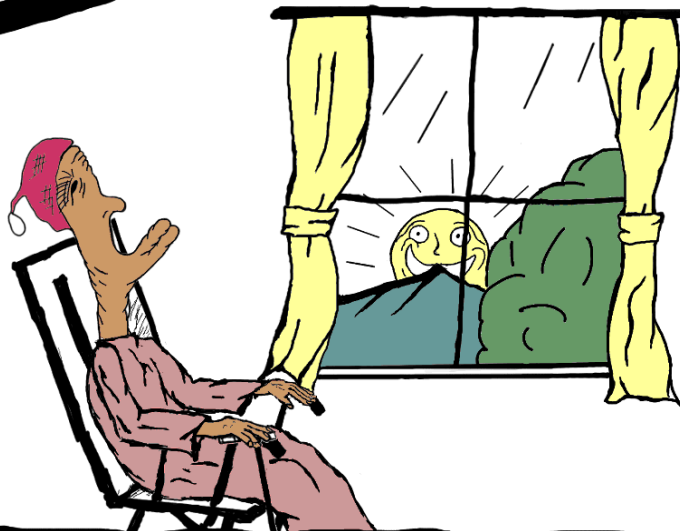

I went to the window.

I go to the window every morning.

I watched the sun rise.

I watch the sun rise every morning.

I played with my cat.

I play with my cat every day.

I used my favourite cup to drink some tea.

I use my favourite cup every day.

My cat wanted to sleep.

She wants to sleep all day, every day.

I saw a bird in the tree.

I often see birds in the trees.

My husband came to me.

He always comes to me in my dream.
